**ROSE' COLLECTION
PINOT GRIGIO ROSE'**

About this Selection:

Pinot Grigio Rose' is all natural and thoroughly delicious. Compared to other Pinot Grigios, "Pink" Pinot Grigio is fuller with a touch more complexity and an infinitely pleasing taste. It's the perfect aperitif and an ideal complement to Caesar salads, chicken, pork, turkey and veal.

The Grape:

Pinot Grigio grapes, make this "Pink" wine something to truly boast about. The grapes stay undisturbed until they are completely mature and then picked at their prime for a premium outcome. Pinot Grigio is a mutation of Pinot Noir. As a result, Pinot Grigio grapes grow in a hue of colors.

Winemaker Notes:

One hundred percent Pinot Grigio grapes are pressed with just the right amount of contact with their skins to give it its delightful color and character. The grapes are then processed in the tried-and-true ways of the best white wines in controlled temperatures.

Tasting Notes:

A lovely pale color is the entree into a light, citrusy, floral aroma of almond, pear and green apple. It delights the palate with complex flavors.
